

Nitrile Coated Work Gloves

These lightweight gloves feature a nitrile-dipped palm and fingers for enhanced grip and protection. Designed for general purpose use, they offer excellent dexterity and comfort.

Product Overview

General Purpose Nitrile Coated Gloves

These nitrile coated work gloves are designed for enhanced grip and protection in a variety of professional environments. Featuring a nitrile dipped palm and fingers, they offer excellent dexterity and comfort for tasks such as assembly, maintenance, and general handling. The durable construction provides resistance to abrasion and punctures, making them a reliable choice for daily work.
