

NiZn Battery Charger with Four Slots

This charger is designed for NiZn rechargeable batteries. It features four charging slots and an orange display for indicating charging status.

Overview

Professional Battery Charging Solution

This versatile battery charger is designed to efficiently power up to four AA or AAA rechargeable batteries simultaneously. Featuring an integrated LCD display, it provides real-time status updates for each channel, ensuring you can monitor your charging progress with ease. With intelligent safety features and wide-range voltage compatibility, it is an ideal solution for both home and professional use.

Technical Specifications

Input Voltage Range	AC 110-240V
Input Frequency	50/60 Hz
Output Voltage	1.2 V
Output Current	500 mA

Compatibility

Supported Battery Sizes

- AA
- AAA

Supported Battery Chemistries

NiMH, NiCD, NiZn

Features

Key Features

LCD Display • Intelligent Safety • Independent Channels
