

NiZn Rechargeable Battery Charger with LCD Display

Intelligent battery charger designed for NiZn rechargeable batteries. It features four independent charging channels, an LCD display showing charging status, and compatibility with multiple input power options via USB or DC adapter.

Overview

Intelligent Charging Solution

This versatile battery charger is designed to efficiently manage 1-4 AA or AAA batteries simultaneously. Featuring four independent charging channels and an integrated LCD display, it provides real-time status updates for each slot. The unit is engineered for safety and global compatibility, supporting a wide range of input voltages for reliable performance.

Technical Specifications

Input Voltage	AC 100-240V, 50/60Hz
Charging Channels	4
Supported Battery Types	Ni-MH, Ni-Cd, AA, AAA

Performance Metrics

Charging Output Current

1000 mA
1-2 AA

600 mA
1-2 AAA

500 mA
3-4 AA

300 mA
3-4 AAA

Trickle Charge Rates

Battery Type	Current
AA	50mA
AAA	30mA
