Product Overview

Professional Grade Non-Return Valve

This non-return check valve is engineered for reliable fluid control in HVAC and plumbing systems, ensuring flow in only one direction to prevent backflow. Featuring a convenient integrated drain port, it simplifies system maintenance and drainage tasks. Constructed for durability and performance, this component is an essential solution for maintaining system integrity across various pressure and fluid applications.

Technical Specifications

Available Sizes

- 15mm
- 22mm
- 28mm

Product Codes

Code	Size
Y00069	15mm
Y00070	22mm
Y00071	28mm

Connection Type

CxC (Copper to Copper)

Features

Key Features

Non-Return Function, Integrated Drain Port, HVAC&R Compatible, Backflow Prevention
