Overview

Professional Grade Safety Footwear

These safety shoes are engineered for demanding industrial environments, combining genuine nubuck leather with a durable Goodyear Welt construction. They offer comprehensive protection against common worksite hazards including falling objects, sharp debris, and electrical faults. Designed for all-day wear, the shoes feature enhanced heel cushioning and breathable linings to ensure comfort without compromising on safety standards.

Safety Standards

Professional low-cut safety boots compliant with international safety standards.

Certification

CE EN20345:2011

Key Performance Metrics

Our reinforced toe caps offer significantly higher thickness compared to standard alternatives for better safety.

Safety Performance

200 J

Toe Impact Resistance

1100 N

Midssole Penetration Resistance

Material Construction

Detailed breakdown of the multi-layered construction, including the stainless steel midsole and breathable mesh.

Embossed cow split leather provides a balance of flexibility, wearability, and permeability.

Material Composition

Component	Material / Feature
Upper	Water-resistant genuine nubuck leather
Toe Cap	Stainless steel with PU overcap protection
Midssole	Shock absorption layer with stainless steel plate
Outsole	Slip-resistant PU double density
Lining	Breathable and abrasion-resistant sandwich mesh
Eyelets	Stainless metal

Protection Features

Engineered with whole-body injection technology for superior sole durability and impact-resistant toe caps.

Safety Features

Anti-Pounding, Anti-Pierce, Slip-Resistant, Electrical Fault Protection, Oil Resistant, Water Resistant Upper

Sizing & Ordering

Available Sizes

- 40
- 41
- 42
- 43
- 44

Order Reference Table

Size (EU)	Order Number
40	1537962-3
41	1537962-4
42	1537962-5
43	1537962-6
44	1537962-7

Ergonomics & Comfort

Enhanced insole thickness provides superior cushioning and shock absorption for long shifts.

Comfort Enhancements

- Thicker heel design for impact reduction
- Superior comfort insole with increased thickness
- Breathable sandwich mesh lining
- Flexible embossed leather construction
