

Numeric Keypad Mobile Phone

This mobile phone features a numeric keypad for easy dialing and texting. It has a color display and dedicated call buttons.

Product Overview

Modern Hybrid Functionality

This mobile phone offers a unique blend of traditional tactile control and modern touchscreen convenience. Designed for users who appreciate the reliability of a physical numeric keypad alongside the intuitive navigation of a touchscreen interface, it provides a versatile user experience. The device features dedicated physical buttons for call management and navigation, making it a practical choice for professional and personal communication needs.
