Overview

Versatile Nut Strip Cutting Solution

This multi-functional cutting machine is specifically designed to process peanuts, almonds, and pistachios into uniform strips. It is an essential piece of equipment for the food industry, supporting the production of nut-based breads, biscuits, candies, and brittle. Engineered for precision and efficiency, it helps businesses achieve consistent strip sizes while minimizing waste and reducing labor costs.

Technical Features

Key Functions

- Nut strip cutting
- Peanut stripping
- High-volume processing
- Consistent size output

Compatible Materials

Peanuts, Almonds, Pistachios, Other Nut Strips

Construction Material

Robust Stainless Steel

Applications

Target Industries

Food Processing • Bakery & Confectionery • Restaurant Spices • Nut Processing Facilities

Common End Products

- Nuts bread
- Peanut brittle
- Almond biscuits
- Peanut candy
