

Nylon Mesh Car Window Sun Shade

This car window sun shade is made from nylon mesh. It is designed to provide sun protection and privacy for vehicle occupants.

Product Overview

Sun Protection for Vehicle Comfort

This nylon mesh sun shade provides an effective barrier against harmful UV rays and direct sunlight, significantly enhancing comfort for vehicle passengers. Designed for flexibility, the mesh material is durable and lightweight, making it suitable for quick installation on side or rear windows. Its compact design allows for easy storage, and the material can be customized with personalized designs to meet specific branding or aesthetic requirements.
