

Off-Road Utility Vehicle

This side-by-side utility vehicle is designed for off-road use. It features a robust chassis, a powerful engine, and all-terrain tires.

Product Overview

Versatile Off-Road Utility

The XY150UTV is a highly versatile side-by-side vehicle engineered for demanding off-road environments. Built with a robust chassis and a durable suspension system, it is perfectly suited for heavy-duty farm work, trail exploration, and efficient site transportation. This model prioritizes operator safety and reliability, featuring an integrated roll cage and responsive steering to handle varied terrain with ease.
