Product Overview

Heavy-Duty OTR Performance

This off-the-road (OTR) tire is engineered for demanding environments, including construction, mining, and industrial applications. It features a robust design optimized for mixed pavement surfaces and all-position wheel placement. Built for durability and reliability, it provides excellent traction and resistance to cuts and punctures in harsh working conditions.

Technical Specifications

Model Type	E-3/L-3
Application Position	All position wheel
Road Suitability	Mixed pavement

Certifications & Compliance

Certifications	ISO 9001:2000, CCC, DOT, GCC, SNI, ISO, SGS, CE
