

Office Paper Shredder with See-Through Window

This office shredder features a transparent window to easily view the fill level. It is equipped with a control panel and wheels for mobility.

Product Overview

Professional Office Shredder

This high-capacity office shredder is designed for efficient document destruction in a busy professional environment. Featuring a sleek, rectangular white design, it includes a convenient see-through window that allows users to monitor the waste bin fill level at a glance. Equipped with integrated wheels, this unit offers mobility and ease of placement, while the intuitive top-mounted control panel ensures simple operation.

Key Features
