

Oil-Filled Radiator Heater

This oil-filled radiator heater provides efficient space heating. It features an adjustable thermostat and multiple heat settings for optimal energy consumption and includes safety features and caster wheels for portability.

Overview

Efficient Space Heating Solution

This oil-filled radiator heater is designed to provide reliable, energy-efficient warmth for both residential and office environments. It features a large heating surface for rapid heat radiation and includes an adjustable thermostat to maintain precise temperature control. Built with safety as a priority, the unit incorporates triple overheat protection and is pressure-tested to ensure long-term durability.

Electrical Specifications

Voltage & Frequency	220-240V, 50/60Hz
Power Cord Length	1.6 M

Performance & Control

Key Performance Metrics

1 Type Heat Transfer Oil System

Thermostat Control	Yes
--------------------	-----

Safety & Design

Convenience Features

- Smooth castors for mobility
- Integrated cord storage
- Easy to clean surface
- Optional clothing hanger

Safety Features	Triple Overheat Protection, Pressure Tested, Indicator Lights
