Overview

Efficient Space Heating Solution

This oil-filled radiator is designed for reliable and efficient indoor space heating. It utilizes environmentally friendly conducting oil to provide consistent warmth, featuring adjustable power settings and a thermostat for precise temperature control. Built with safety in mind, it includes overheat protection and a durable fin design to maximize heat dissipation.

Technical Specifications

Power Output Range

1000 W

Minimum Power

2800 W

Maximum Power

Fin Size

120 x 580 mm

Fin Configuration

5 to 15 fins

Features

Control Features

- Adjustable Thermostat
- Three Power Setting Levels
- Power Indicator Light
- Optional 24-Hour Timer

Safety & Environment

Overheating Protection, Environmental Conducting Oil
