

Oil-Filled Space Heater Radiator

This oil-filled radiator provides space heating. It features adjustable thermostat control and overheat protection.

Overview

Efficient Oil-Filled Heating Solution

This oil-filled radiator provides reliable, efficient space heating with a large surface area for rapid heat radiation. Engineered for safety and convenience, it features a triple overheat protection system, pressure-tested construction, and adjustable thermostat controls. Designed for versatile use, the unit includes smooth-rolling castors for easy mobility, integrated cord storage, and a 24-hour timer for automated comfort.

Technical Specifications

Power Supply	220-240V, 50/60Hz
Heat Settings	3
Fin Size	150*580MM
Certifications	GS, CE, EMC, ROHS

Features

Key Features

- Triple overheat protection system
- Pressure tested for safety
- Adjustable thermostat control
- Operation switches with indicator lights
- 24-hour timer
- Smooth castors for easy movement
- Integrated cord storage
