

Oil-Filled Space Heater with Adjustable Settings

This oil-filled space heater offers adjustable heat settings via a digital display and control buttons. It is designed with multiple fins for efficient heat dissipation and is mounted on castor wheels for mobility.

Product Overview

Efficient Heating Performance

This oil-filled space heater provides consistent, reliable warmth for professional and residential environments. Designed for efficiency, it features a large heating surface with configurable fin counts ranging from 5 to 15 fins. With adjustable power settings and precise thermostat control, this unit ensures optimal energy usage while maintaining a comfortable temperature.
