

Oil-Filled Space Radiator

This oil-filled radiator provides efficient and consistent space heating. Its design features multiple fins for increased surface area, maximizing heat dissipation.

Overview

Efficient Oil-Filled Heating

This oil-filled space radiator is designed for consistent and quiet heating, suitable for residential or office environments. It features adjustable thermostat controls and three heat settings, allowing for customized comfort. With a robust triple overheat protection system and pressure-tested safety standards, this unit provides reliable performance and peace of mind.

Technical Specifications

Power Supply	220-240V, 50/60Hz
Heat Settings	3
Approvals	GS, CE, EMC, ROHS
Fin Dimensions	150 x 580 mm

Features

Safety Systems

- Triple overheat protection system
- Pressure tested for safety
- Operation switches with indicator lights

User Convenience

- Smooth castors for easy movement
- Integrated cord storage
- Easy to clean surface

Logistics
