Overview

High-Efficiency Oil-Free Air Compression

This professional-grade oil-free air compressor is engineered for high-demand environments requiring clean, contaminant-free air. Featuring a robust 180L tank and a powerful 1450Wx5 motor configuration, it delivers consistent performance with fast storage capabilities. Designed for reliability, it includes advanced features like overload protection and silenced motor technology to ensure low-noise operation and long-term durability.

Performance Metrics

Key Performance Indicators

500 L/min

Air Flow @ 8bar

725 L/min

Air Flow @ 4bar

2800 rpm

Motor Speed

Technical Specifications

Technical Data

Feature	Specification
Tank Capacity	180L
Input Power	1450W x 5
Max Pressure	8 bar

Features

Key Features

Oil-Free Operation, Fast Storage, High Flow Supply, Low Noise, Low Vibration, Overload Protection, Silenced Motor
