Product Overview

High-Efficiency LED Corn Bulb

The KL-S10R is a high-output LED corn light bulb designed to serve as an efficient, long-lasting replacement for traditional HID and CFL lamps. Featuring a robust aluminum heat sink, this bulb ensures superior thermal management and a prolonged operational lifespan. Its omnidirectional LED array provides wide, consistent light distribution, making it an ideal choice for both professional and commercial lighting applications.

Technical Specifications

Base Type	E26/E27
Light Distribution	Omnidirectional
Thermal Management	Aluminum heat sink
Fixture Compatibility	Enclosed Fixtures, HID Replacement, CFL Replacement

Key Features

Performance Highlights

1 High Energy Efficiency	1 Low Maintenance
