Product Overview

High-Efficiency On-Demand Heating

This on-demand natural gas water heater is engineered for reliable and instantaneous hot water delivery, eliminating the need for a storage tank. Featuring advanced constant temperature technology and voice control capabilities, it ensures a comfortable and user-friendly experience for residential applications. Its compact design and energy-efficient operation make it an ideal solution for modern households seeking consistent performance.

Performance Metrics

Hot Water Capacity

13 L/min
Capacity

16 L/min
Capacity

Rated Heat Input

25 kW
Heat Input

Technical Specifications

Energy Efficiency Standard

Level 2

Water Pressure Range

0.02 - 0.8 MPa

Exhaust Method

Constant temperature strong exhaust

Unit Dimensions

350 x 580 x 163 mm

Gas Configuration

Gas Type & Pressure

Gas Type	Rated Pressure
NG	2000 Pa
LPG	2800 Pa
