

On-Ear Headset with Microphone

This on-ear headset features an adjustable headband and cushioned earcups for comfortable listening. It includes a standard 3.5mm audio jack and a built-in microphone for hands-free communication.

Product Overview

Comfortable On-Ear Design

This lightweight on-ear headset is designed for comfortable listening during extended use, featuring an adjustable headband and soft, cushioned earcups. The closed-back construction offers effective noise isolation, allowing for an immersive audio experience. Equipped with a built-in microphone, it provides a convenient solution for hands-free communication across various devices.
