

# Online Uninterruptible Power Supply (UPS)

This online UPS provides reliable power protection for critical equipment. It utilizes double-conversion technology to ensure a stable and clean power supply.

## Overview

### FR-UK11 Series Online UPS

The FR-UK11 series Online UPS provides reliable power protection for critical equipment using advanced double-conversion technology. It ensures a stable and clean power supply by isolating connected devices from voltage fluctuations, surges, and electrical noise. Designed for uptime and data integrity, this system is ideal for servers, networking equipment, and sensitive electronics.

## Technical Features

Technology	Double-conversion Online UPS
Key Benefits	Voltage Fluctuation Protection, Surge Protection, Noise Isolation, Scalable Runtime

## Performance

### Performance Highlights

**1 Wide**

Input Voltage Range

## Applications

### Ideal For

- Servers
- Networking Equipment
- Sensitive Electronics
