序号	产品代号	规格	入瞳直径	总瞳直径	出瞳距离	倍率	视场	分辨率	白光透射率%
1	TS002	8X25DCF	25	2.94	12	7.7	6.8°	9.92"	60
	TS001	10X25DCF	25	2.36	11	9.8	6.8°	11.15"	57
2	历史测试	8X25DCF	25	2.92	11	7.7	8	8.4	60

Product Overview

Professional Optical Performance

These professional-grade binoculars provide exceptional optical clarity for precision observation tasks. Featuring high-precision optics, the 8X25 and 10X25 configurations ensure optimal light transmission and sharpness across a variety of viewing conditions. Designed for portability without compromising on performance, these instruments are ideal for field use and technical inspection applications.

Technical Specifications

Performance Comparison

Model	Magnification	Exit Pupil (mm)	Eye Relief (mm)	Transmittance (%)
TS002 8X25DCF	7.7	2.94	12	60
TS001 10X25DCF	9.8	2.36	11	57

Entrance Pupil Diameter	25 mm
