

Orange and Green Fairing Dirt Bike

This dirt bike features an orange fairing, front fender, and fuel tank. It has knobby tires mounted on gold-colored rims and is suitable for off-road adventures.

Overview

Performance and Design

This dirt bike is designed with a distinctive orange and green color scheme, featuring a vibrant orange fairing, front fender, and fuel tank. The two-tone seat, combining green and black, offers a unique aesthetic, while the knobby tires on gold-colored rims ensure traction on rugged terrain. It is built with silver-colored front suspension forks, making it a suitable choice for younger riders looking for a reliable off-road experience.
