

Orange Polyethylene Safety Fence

This safety fence serves as a temporary barrier for construction sites and crowd control. Constructed from durable polyethylene, it provides a lightweight, cost-effective solution for hazard delineation and preventing unauthorized access.

Product Overview

High-Visibility Safety Solutions

This High Density Polyethylene (HDPE) safety fence provides a durable, lightweight, and cost-effective barrier solution for various industrial and site safety needs. Designed with a distinct mesh structure, it offers a strong visual deterrent while allowing for necessary airflow. It is an ideal choice for construction site management, hazard delineation, and crowd control scenarios, offering easy installation and removal.

Material and Design

Mesh Configurations

- Flat Oval Openings
- Rounded Rectangle Openings

Material Composition High Density Polyethylene (HDPE)

Available Colors Orange, Blue, Green

Technical Specifications

Weight Range

60 gsm

Minimum Weight

360 gsm

Maximum Weight

Standard Widths

Available Width Options

1.0m

1.22m

1.5m

1.8m

Mesh Dimensions 100x26mm or 40mm

Logistics

Packaging and Delivery

- Rolled in clear polybag with internal label
- Loose container loading
- Palletized with wrapping
