

Orange Spirit Level with Three Bubble Vials

This spirit level is designed with three bubble vials to ensure accurate horizontal, vertical, and 45-degree leveling. The tool features hand grips for comfortable handling and black end caps for added protection.

Product Overview

Professional Grade Accuracy

This durable aluminum spirit level is engineered for precision in demanding construction and carpentry environments. Featuring a high-visibility design and shock-absorbing end caps, it is built to withstand rigorous job site conditions while ensuring perfect leveling. Equipped with multiple vials and magnetic capabilities, it offers versatile functionality for both vertical, horizontal, and angled alignment tasks.
