

Outdoor Balcony/Eave Antenna

This outdoor antenna features a slim design with a 7mm body, suitable for balcony, attic, and eave mounting. Its weather-resistant housing is waterproof, anti-rust, and UV protected, ensuring durability in severe weather conditions.

Product Overview

High-Performance Outdoor Antenna

This slim-profile antenna is engineered for outdoor environments, including balconies and eaves, offering a modern aesthetic with a 7mm thickness. It is designed to withstand severe weather conditions, featuring weather-resistant, waterproof, and UV-protected housing that prevents snow accumulation and optimizes wind flow. The unit provides reliable reception for Full HD and digital TV signals across local VHF and UHF bands, supported by a built-in wide-band amplifier.
