序号	产品代号	规格	倍率	物镜口径	棱镜类型	镀膜层数	总长度	总重量	目镜口径	长度	重量
1	TS213	8X32DCF	8	32mm	Roof/Bak4	12	15.3mm	1.4"	0.35	63	1500/1500
2	TS113	10X42DCF	10	42mm	Roof/Bak4	12	15.3mm	1.4"	0.45	63	1500/1500

## Overview

### Professional Optical Performance

These high-performance roof prism binoculars are engineered for clear, reliable observation in various outdoor conditions. Utilizing high-quality Bak4 glass with full multi-coating, they deliver exceptional light transmission and sharp resolution for professional field use. Featuring a robust center-focusing design, these binoculars offer both durability and ease of handling for outdoor enthusiasts and professional applications.
