

# Outdoor HDTV Antenna for Balcony or Eave Mount

This outdoor antenna features a slim design for balcony or eave mounting. Its weather-resistant housing is waterproof, anti-rust, and UV protected.

## Product Overview

### High-Performance Outdoor HDTV Reception

This outdoor antenna features an innovative, ultra-slim design with a 7mm body thickness, specifically engineered to withstand severe weather conditions. Its weather-resistant, waterproof, and UV-protected housing ensures reliable performance in outdoor environments like balconies or attics. The unit supports both VHF and UHF signals, offering a robust solution for receiving Full HD and digital TV broadcasts.

## Key Features

### Installation & Design

Ultra-slim 7mm profile, Weather-resistant housing, Waterproof, Anti-rust, UV protected, Balcony/Eave mountable

## Technical Specifications

### Signal Reception

<b>174 MHz</b> VHF Frequency Start	<b>230 MHz</b> VHF Frequency End	<b>470 MHz</b> UHF Frequency Start	<b>862 MHz</b> UHF Frequency End
---------------------------------------	-------------------------------------	---------------------------------------	-------------------------------------

### Performance Metrics

Metric	Value
Output Level	105dBuV
Noise Figure	<3.5dB
VHF VSWR	<2.1
UHF VSWR	<2.2
Impedance	75 $\Omega$

## Power & Connectivity

### Powering Options

- Digital receiver
- Included AC/AD adaptor

### Power Supply

DC 5V/550mA
