

Outdoor IR Security Camera

This high-resolution CCD IR camera is designed for outdoor security surveillance. Features include infrared LEDs for night vision, a weatherproof housing, and a mounting bracket for easy installation.

Overview

Professional Outdoor Surveillance

This high-resolution color CCD infrared security camera is engineered specifically for reliable outdoor surveillance. Equipped with advanced infrared LEDs, it ensures clear and consistent monitoring even in total darkness. The rugged, weatherproof housing provides durability against environmental elements, making it an ideal choice for professional security installations.

Technical Specifications

Sensor Technology	Color CCD
Night Vision Capability	Yes
Illumination	Infrared LEDs

Installation & Build

Environmental Protection	Weatherproof, Outdoor Rated
Mounting Hardware	Adjustable mounting bracket included
