

Outdoor LED Flood Light

This LED flood light is designed for efficient and reliable outdoor illumination. It features a robust construction, providing bright and uniform light distribution suitable for security and landscape lighting.

Product Overview

High-Performance Outdoor Illumination

This outdoor LED flood light is engineered for durability and efficient, uniform light distribution, making it an ideal choice for security, landscape, and general area illumination. With a robust construction and IP66 rating, it is built to withstand harsh outdoor environments while maintaining consistent performance. The advanced LED array ensures significant energy savings and a long operational lifespan, effectively reducing maintenance requirements for professional installations.

Technical Specifications

Available Power Ratings

- 50W
- 100W
- 150W

Input Voltage	AC85-265V
Power Factor (PF)	0.9
