Product Overview

High-Performance Outdoor Illumination

This professional-grade LED flood light is engineered for durability and efficiency in demanding outdoor environments. Featuring a robust, weather-resistant construction with an IP65 rating, it provides reliable performance for security, landscape, and general area lighting. The integrated LED module ensures energy-efficient operation and long-lasting illumination, while the adjustable mounting bracket allows for precise beam aiming and straightforward installation.

Technical Specifications

Power Consumption

30 W Model A	150 W Model B
------------------------	-------------------------

IP Rating

IP65

Typical Applications

Security Lighting, Landscape Lighting, General Area Lighting

Design Features

Mounting

Adjustable bracket for precise aiming

Build Quality

Robust construction with water and dust resistance
