

Outdoor Solar Garden Light

This outdoor light utilizes solar power to illuminate gardens and pathways. It features a decorative glass shade with a spiral pattern and a stainless steel pole for weather resistance.

Overview

Efficient Outdoor Illumination

This outdoor solar garden light is an ideal solution for illuminating pathways, lawns, and garden spaces. Featuring an amorphous solar panel and a durable stainless steel housing with a glass lens, it offers reliable performance and weather resistance. With a 10-lumen warm white LED, it provides a gentle, inviting glow while operating on a sustainable solar-powered 3.2V Li-ion battery system.

Technical Specifications

Light Output

10 lumens
Luminous Flux

Power Source	Amorphous solar panel with 3.2V Li-ion battery
Minimum Runtime	At least two days when fully charged

Physical Dimensions

Product Dimensions

Measurement	Value	Unit
Diameter	130	mm
Height	420	mm

Construction

Materials	Stainless Steel, Glass
