

Outdoor VHF/UHF TV Antenna

This outdoor TV antenna receives terrestrial television signals. It combines Yagi-Uda and reflector elements for VHF and UHF reception.

Product Overview

Professional Grade TV Signal Reception

This high-performance outdoor antenna is expertly engineered for reliable VHF and UHF terrestrial signal reception. Featuring a robust combination of Yagi-Uda and reflector elements, it is specifically designed to provide high gain and low noise output. It serves as an ideal solution for locations experiencing weak signal strength, ensuring clear and consistent over-the-air broadcasts.

Technical Specifications

Performance Features

- High gain performance
- Low noise amplification
- Wideband coverage
- Durable weather-resistant construction

Supported Bands	VHF, UHF
------------------------	----------

Installation

Mounting Options	Compatible with standard mast and rooftop installation systems.
