

Oval Bulkhead Light with Protective Cage

This rugged oval bulkhead light fixture is designed for both indoor and outdoor use. The protective cage safeguards the lens from impacts, making it suitable for demanding environments.

Product Overview

Rugged Oval Bulkhead Light

This durable oval bulkhead light fixture is engineered for both indoor and outdoor applications. Featuring a robust cast metal housing and a protective cage, it is designed to withstand impacts in demanding environments. The frosted glass lens ensures diffused, reliable illumination, making it an excellent choice for corridors, stairwells, and exterior wall installations.

Construction & Design
