

Oval Bulkhead Outdoor Light

This robust outdoor light features a durable housing and protective lens, ensuring reliable illumination in harsh conditions. The bulkhead design offers protection against dust, moisture, and impact, making it suitable for pathways, entrances, and security lighting.

Overview

Robust Outdoor Illumination

The Oval Bulkhead Outdoor Light is a durable and weather-resistant fixture engineered for reliable performance in demanding outdoor environments. Its robust housing and protective lens design provide essential resistance against dust, moisture, and impact, making it an ideal choice for pathways, entrances, and security lighting. Featuring a specialized ribbed diffuser, this light ensures even illumination while minimizing glare for a comfortable visual experience.
