

Over-Ear Headphone with Microphone

This over-ear headphone features a built-in microphone for communication. Its closed-back design minimizes sound leakage and enhances bass response.

Overview

Professional Audio Solution

The SHC-571MV is a lightweight, over-ear headphone designed for comfortable listening and reliable communication. Featuring a closed-back design to minimize sound leakage and enhance bass response, it is ideal for extended wear in professional environments. The adjustable headband and padded earcups ensure a secure, customized fit for all-day use.
