

Over-Ear Stereo Headphones with 3.5mm Jack

These over-ear headphones provide a comfortable and immersive listening experience. They feature a standard 3.5mm audio jack for compatibility with various devices, along with a durable, lightweight design.

Product Overview

Immersive Audio Experience

These over-ear headphones are designed to provide a comfortable and immersive listening experience, featuring cushioned earcups suitable for extended wear. They deliver clear, balanced audio performance across both bass and treble frequencies. With an adjustable headband and lightweight construction, they are an ideal choice for travel, professional use, or daily activities.
