Painting Roller Brush Set

This painting roller brush set is designed for professional use. It features a durable roller with a high release rate for efficient paint application and absorption, along with an ergonomic handle.

Product Overview

Professional Painting Excellence

This professional-grade painting roller brush set is engineered for high-performance applications, offering superior paint absorption and coverage. Designed with ergonomics in mind, the handle minimizes user fatigue during extended painting sessions. Available in two distinct models, it ensures consistent, smooth finishes for demanding projects.

Performance Metrics

Paint Release Rate

95.7 %	25.7 %
Release Rate	Adsorption Value
