

# Pearl Strand Decorative Lighting

This decorative lighting features strands of faux pearls interspersed with gold-tone accents. It adds sophistication and glamour to interior spaces, providing a soft, ambient glow.

## ADDITIONAL IMAGES

## Product Overview

### Inspired by Ocean Jewels

Pearl transforms the way we think of lighting by turning the familiar into the extraordinary. Inspired by the finest natural jewels from the ocean, this decorative lighting system features opaque globes that provide a soft, ambient glow. It is designed to add a touch of sophistication and glamour to any interior space, making it an ideal choice for bedrooms, living rooms, or event venues.
