

Pedicure Spa Chair with Foot Bath Basin

This pedicure spa chair features a brown leather seat and backrest, complemented by wooden armrests and a black base. The base includes an integrated foot bath basin for client convenience.

Overview

Professional Pedicure Spa Experience

This pedicure spa chair is specifically engineered for high-traffic salon and spa environments, combining comfort with functional design. Featuring premium brown leather upholstery and elegant wooden armrests, it offers a sophisticated aesthetic that elevates any treatment space. The integrated foot bath basin and robust base construction ensure durability and ease of use for both technicians and clients.
