

Personal Cooling Table Fan

This compact fan is designed for personal cooling. It features a metal cage for safety and a multi-blade fan for efficient airflow, along with a sturdy base.

Overview

Compact Personal Cooling Solution

This 9-inch personal cooling fan is designed for versatility, functioning effectively as both a desk and wall-mounted unit. Constructed with durable iron and aluminum materials, it offers reliable performance for indoor environments. Its compact design and stable base make it an ideal choice for localized cooling needs in offices or homes.
