

Personal Electric Table Fan

This compact electric fan is designed for personal use. Its adjustable tilt mechanism allows users to direct airflow as needed, making it suitable for providing localized cooling in homes or offices.

Product Overview

Compact Personal Cooling Solution

This personal electric table fan is designed to provide efficient, localized cooling for your workspace or home environment. Featuring a compact circular design, it fits easily on desks and tables without taking up excessive space. The adjustable tilt mechanism allows users to direct airflow precisely where it is needed most, ensuring comfort throughout the day.
