

Personal Hair Dryer

This hair dryer is a compact appliance for drying hair. It features adjustable heat and speed settings for efficient and convenient use.

Product Overview

Professional Care Solution

This versatile appliance is designed for efficient garment care, offering a reliable way to remove wrinkles from various fabric types. Equipped with a stable, wheeled base and a telescopic pole, it ensures ease of use and maneuverability during operation. The system heats up rapidly to provide continuous steam, making it an essential tool for refreshing and sanitizing clothing in a professional or home setting.

Design & Build

Key Components

Component	Function
