

PET Bottle Blowing Machine

High-speed automatic PET bottle blowing machine designed for efficient production of various PET containers. This equipment features advanced control systems, robust construction, and energy-saving technology, ensuring stable performance and high output.

Product Overview

High-Efficiency PET Bottle Production

This high-speed automatic PET bottle blowing machine is engineered for the efficient, large-scale production of various containers. Featuring advanced control systems and robust construction, it delivers stable performance and high output rates. It is an ideal solution for manufacturing packaging for beverages, cosmetics, pharmaceuticals, and other liquid products.

Performance Metrics

Key Performance Metrics

600 bph

Model Series Capacity

Technical Specifications

Key Features

- Automatic operation
- Energy-saving technology
- Advanced control system
- Robust construction for stability

Suitable Applications

Beverages, Cosmetics, Pharmaceuticals, Liquid Packaging
