

# PET Bottle Blowing Machine

This high-speed automatic PET bottle blowing machine produces various shapes of PET bottles, suitable for mineral water, beverage, cosmetic, and wide-mouth bottles. It features an energy-saving design, servo motor control, and a user-friendly interface for easy operation and maintenance.

## Overview

### High-Performance PET Bottle Blowing Solution

This high-speed automatic PET bottle blowing machine is engineered for versatile production, capable of creating various shapes including mineral water, beverage, cosmetic, and wide-mouth bottles. It features an energy-saving design driven by precise servo motor control, ensuring stable performance and high production efficiency. Built with durable materials and comprehensive safety features, this machine offers a reliable, user-friendly solution for industrial bottle manufacturing.

## Technical Features

Control System	Servo motor control
Key Features	Energy-saving design, High-speed operation, Automatic, User-friendly interface
Safety Features	Yes

## Applications

### Compatible Bottle Types

- Mineral water bottles
- Beverage bottles
- Cosmetic bottles
- Wide-mouth bottles
