

Petrol Chainsaw for Wood Cutting

This high-performance petrol chainsaw is designed for both professional and home use. It features a powerful engine for efficient cutting, ergonomic design for comfortable handling, and durable construction for long-lasting reliability.

Product Overview

Professional Petrol Chainsaw

This high-performance petrol chainsaw is engineered for both professional and home use, offering robust power for efficient wood cutting. It features an advanced engine design with a clean air-intake system and an effective anti-vibration setup for prolonged comfort during operation. Safety is prioritized through integrated mechanisms, making it an ideal choice for felling, pruning, and processing firewood.

Technical Specifications

Engine Displacement	40.1 CC
Guide Bar Length	400 mm

Features

Key Functionalities

- Primer bulb for easy starting
- Effective anti-vibration system
- Automatic oil pump and lubrication
- Engine clean air-intake system
- Combination throttle/switch structure

Compliance and Options

Optional Features

Easy on recoil start • SDS tool-less tensioner

Certifications	Voluntary inspection approved
