Overview

High-Efficiency Pillow Packing Solution

This automatic pillow packing machine is specifically engineered for the efficient and hygienic packaging of face masks. It features automated control of the production process, ensuring consistent sealing quality and high throughput. With its robust construction and compliance with international standards, it is an ideal solution for high-volume manufacturing environments.

Performance Metrics

Packing Speed

220 pcs/min

Max Packing Speed

Machine Dimensions 4600 x 850 x 1500 mm

Machine Weight 650 kg

Packaging Capabilities

Max Finished Bag Dimensions

Dimension	Value	Unit
Length	330	mm
Width	150	mm
Height	50	mm

Minimum Material Specifications Length 50mm, Width 10mm, Height 5mm

Compatible Packaging Materials OPP Heat Sealing Film, Compound Film, Coated Paper, Aluminum Foil Film, Aluminum-Plastic Composite Film

Technical Specifications

Power Requirements	AC220V, 2.7KW
Compressed Air	0.5-0.7 Mpa (Consumption >0.36 m3/h)
Motor Frequency Modulation	50 Hz

Compliance & Quality

Certifications & Standards

GMP Standard • ISO 9001:2000 • EU CE Certified

Warranty Terms

- One-year machine warranty
- Three-year warranty on major appliances
- Lifetime service (parts at cost)
