

# Pink and Purple Children's Tricycle with Step-Through Frame

This pink and purple children's tricycle features a step-through frame for easy access. It has a padded seat, handlebar streamers, and a sturdy three-wheel design.

## Product Overview

### Designed for Young Riders

This children's tricycle features a thoughtful step-through frame design, allowing young riders to mount and dismount with ease. Built for both comfort and stability, it includes a padded seat with an integrated handle to support children as they develop their balance and coordination. The durable metal tubing construction ensures a long-lasting product suitable for active play.
