

Pipe Support Clamp with Rubber Lining

This pipe support clamp is designed for securing pipes to surfaces. It features a rubber lining to reduce vibration and noise, along with a screw for easy installation.

Product Overview

Professional Pipe Support Solution

This pipe support clamp is engineered for secure and reliable mounting of piping systems in various plumbing and industrial environments. Featuring an integrated rubber lining, it effectively minimizes vibration and dampens noise, ensuring a quieter operation. The design includes a convenient screw mechanism for efficient, straightforward installation, making it an ideal choice for professional-grade pipe mounting.

Technical Features

Vibration Damping	Yes
Noise Reduction	Yes
Fastening Type	Screw-tightened clamp

Applications

Suitable Applications	Plumbing, Industrial Piping, HVAC Systems
