

Plastering Trowel with Wooden Handle

This plastering trowel features a flat, rectangular steel blade attached to a wooden handle via a metal support. It is designed for smoothing and finishing plaster, stucco, and other materials on walls and surfaces.

Product Overview

Professional Plastering Trowel

This high-quality plastering trowel is designed for professional use in smoothing and finishing applications. Featuring a durable, flat rectangular steel blade, it ensures a consistent finish on plaster, stucco, and similar wall surfaces. The ergonomic wooden handle provides comfort and control for extended periods of manual labor.
